Dear Mr. Alexander:

I would like to take this opportunity to once again thank you for sponsoring Palmer Drug Abuse Program (PDAP) and our efforts to promote the free services provided to teenagers, adults and their families. PDAP continues to see explosive growth year after year and we credit that growth, in part, to the promotional efforts you are participating in.

Public Service Announcements (PSA) are now being aired on KRGV-TV, Channel 5 and soon to be aired on Time Warner Cable. You will begin seeing these PSA's more often after the elections are over. Print ads are also being published in The Monitor periodically as space is available. Your business logo will be featured on a rotating basis with other sponsors on the PSA's and print ads.

Enclosed you will find a newsletter that was published in The Monitor on October 17, 2002. Over 38,000 copies were delivered to Monitor subscribers and another 2,000 were given to PDAP for our own distribution. Your business name was listed in this newsletter as a generous sponsor of PDAP.

Please take a moment to read the newsletter, especially the heartfelt letters written by clients who participate in the free counseling services at PDAP. Your donation makes it possible for these children, adults and their families to find hope for a better life without alcohol or other drugs. Thank you for your continued support.

The Brownsville Chamber of Commerce is a member-driven business organization whose principal mission is to provide visionary leadership, which will foster a prosperous business environment and improve the quality of life while building on Brownsville's unique resources.

Listed below are just a few of the activities the Chamber has been involved in over the past year:

- The Chamber planned and coordinated the recognition of Chamber member Sea Garden Sales along with eleven other Brownsville Chamber Members by Governor Rick Perry for their contributions to international trade. The businesses will appear in a U.S. Chamber of Commerce publication entitled "The Faces of Trade".
- Chamber President Frank Feild chaired the Worker Transition Committee for Levi Strauss Brownsville plant. The purpose of the Worker Transition Committee was to assist workers affected by the July 29th layoff and plant closing into finding satisfactory re-employment as quickly as possible.
- The Chamber implemented an online community calendar free for Chamber Members, which serves as a central place to list and publicize community events. The online Community Calendar has the following features; it never shows expired events, it is completely searchable, it has a printable full month view, a weather forecast option, event email inquiry form, interactive event location mapping, an email reminder option and it is accessible 24 hours a day 7 days a week.
- The Brownsville Chamber of Commerce organized the first ever Home and Garden Exposition held at the Brownsville Special Events Center. The Home & Garden Expo gave Brownsville residents an opportunity to see the latest trends and innovative ideas in decorating, gardening, home-improvement, remodeling products and services, for both inside and outside the home.
- Our members were referred 24 hours a day via the online Chamber business directory, which was visited by 40 different states and 20 different countries.

Our presentation at the Second Annual GEAR UP National Conference in Washington DC was a big hit among all the other GEAR UP projects. Tina Atkins, Region I, Mary Alice Reyes, UTPA, Letty Valadez-Garza and I had a wonderful time visiting with the other project directors. We learned so much about the wonderful happenings in school communities around the United States.

I wanted to take this opportunity to personally thank you for allowing Letty to travel and present with us. Her professionalism and warm smile added to the success of our presentation. Thank you for allowing KRGV – TV 5 and Letty to be part of our initiative.

We were also very successful at Capitol Hill. We met with our congressmen and Letty had an opportunity to showcase how Channel 5 is making a difference in educating our communities in the Valley about GEAR UP and our attempts in enrolling more students in higher education.

Thank you again for your support and a special note of gratitude to Letty for making our trip a very rewarding and eye opener to all our constituents in Washington DC.

Just a quick note to tell you how much we appreciated your participation in The Kirk Clark Roast. As we all know, in McAllen, Texas, there is no such thing as a "bad" charity, and business leaders such as you are besieged with requests for money. Having done my share of fund raising for charity events, I can only tell you that there is no more deserving charity than the American Diabetes Association. One out of every three persons living here in the Rio Grande Valley suffers from diabetes. Your money will go to a good use.

Thank you, personally, for making this event a success!

Dear Mr. Alexander:

I am attaching a small token of our appreciation for your sponsorship of our Tech Prep Texas Scholars and Dr. Lauro F. Cavazos Tech Prep Scholarship initiatives. We believe in our mission, but without the strong support of community leaders like you, it would be impossible for Tech Prep to do its work!

Reports provided to us by the Texas Education Agency and the Texas Higher Education Coordinating Board reflect that Tech Prep students have better attendance rates, better dropout rates, better graduation rates, and better TAAS scores than all other students! State studies also indicate that there are more Tech Prep students going on to college than all other students!!! We need the Valley community to work together to encourage students to pursue Tech Prep in high school because Tech Prep gives students a head start on college, assists students in succeeding in college-preparatory academic courses, and introduces students to the exciting careers in an economy that emphasizes both academic and technological skills.

We are about to send out scholarship applications for this year's Dr. Lauro F. Cavazos Tech Prep Scholarship competitions. Because of your support, we will be able to offer several scholarships to the Tech Prep Texas Scholar graduates of the Rio Grande Valley!

Thank you again for your support of these important initiatives. We appreciate working with you!

The magic dust has now settled from the Glass Slipper Ball for another year, yet the memories will live forever. Please accept our heartfelt appreciation for your incredible support, which will also help to make wonderful memories for many special children. Your dedication to our "wish children" of the valley is evidenced by your willingness to annually support our cause in ensuring their special wishes continue to come true.

We hope you will particularly enjoy your award this year. A very special wish child, Selene, who will receive her wish of a computer within a few days, especially provided the artwork in your honor. She will also have all the accessories: printer, scanner, desk, chair, software, paper, disks, etc. She will have all this presented at a surprise party with her favorite food, pizza.

We depend on the help of dear friends and supporters like you to ensure that the deserving children throughout our community have the magical opportunity to see their fondest wishes come true. Through the results of your combined efforts of this year's Glass Slipper Ball, 22 children will be experiencing the power of a wish. Your recent donation of \$ 2,000 will contribute greatly to turning dreams into reality for these very special children.

Perhaps we cannot change a child's fate, but we can improve the quality of life by offering a renewed sense of happiness and hope. So, from the bottom of our hearts, we thank you. From the Board of Directors, the volunteers, and the very special children we so proudly serve...

Dear Mr. Alexander:

We would like to thank you for assisting Palmer Drug Abuse Program, (PDAP) with our recent 2002 Ford Thunderbird Raffle. The fundraiser was a great success, raising over \$45,000! This money will be used to fund the counseling services we provide free of charge to teenagers, adults and their family members.

In 2001 Palmer Drug Abuse Program helped over 875 individuals who were struggling with an alcohol or other drug problem. We could not provide these services without the tremendous support we receive from the community and individuals like you.

Sincerely,

Karen Boggus Board President Barbara Smith

Dear Mr. Smith:

We would like to acknowledge and thank you for your contribution of blankets, sweaters, caps, toys and games for our House guest families received on December 26, 2001 for Ronald McDonald House Charities of the Rio Grande Valley. Your generosity will help fund our charitable mission and provide a "Home-Away-From-Home" for critically ill children and their families throughout the Rio Grande Valley. As you are aware, our operation depends solely on donations and volunteers contributing their efforts to be successful in serving families at a time of critical need.

Please accept this acknowledgement as our compliance with IRS reporting requirements. The donation information is accurate to the best of our knowledge. No goods or services were provided in consideration for this contribution.

We invite you to visit the "House that Love Built" to see firsthand how your efforts are being utilized and so appreciated. Thank you for your interest.

Respectfully.
